

Printing/Copying Guidelines

Thank you for purchasing a piece by Liam Ramsey-White. By purchasing a work through www.liamramseywhite.com, you are agreeing to the following policies:

- 1. Parts/Master Set(s):** Directors are permitted to photocopy/print as many parts as necessary. Students may keep their photocopied parts, however, students can only use parts for performances of the work for the school/organization that has purchased the work. Outside ensembles and performances (i.e. honor/festival ensembles, community orchestras, etc.) will need to purchase a separate set(s) of the parts.
- 2. Scores:** Scores may be copied for the purpose of multiple directors and rehearsal markings. If a conductor would like to retain a score for personal use/study, an additional score must be purchased. All scores for contests/submissions must be original scores. Score copies must be collected and stored or destroyed at the end of a performance cycle.
- 3. Performances/Usage:** Conductors and ensembles are allowed unlimited performances of the work(s) purchased as long as those performances are by the conductor's primary ensembles. Scores/sets purchased by a school are licensed only to the purchasing school and may not be distributed to any other schools in the district, association, corporation, county, etc. **Any method of distribution to an outside group/conductor (photocopying, forwarding, sharing, etc.) are strictly prohibited and are a violation of Federal Copyright Law.**

Thank you for your cooperation. By ensuring that all Copyright laws are followed, you support content creators and safeguard their ability to be compensated for their work.
